Arm Chair	310-1010
-----------	----------

Dimensions	Height 41"	Depth 26"	Seat Width 20"	Seat Ht 21"	Seat Depth 21"	Arm Ht 27"	Inside Arm 20"	Weight 24 lbs.
Frame	Frame stocks are harvested from certified sustainable sources and constructed using 100% European Beech lumber. All parts are cut, machined and assembled in the USA. All stress joints are double doweled. Corner blocks are grooved, glued and screwed into rails.							
Seat	1.8 Density 35lb compression Ultracell HR Polyurethane foam. 3/4 oz blended fiber overlay. Tight Seat is upholstered directly to the seat frame/rails. Frame webbed with high resilient, elastic 3" nylon webbing that is inter-woven. Moisture barrier - available by request.							
Back	Heavy duty batting materials & high resilient foam, covered with 3/4 oz fiber overlay.							
Finish	Frames are finished in a 14 step process using a catalyzed conversion varnish, sealer and top coat. The conversion varnish offers superior moisture and chemical resistance and surface strength. The coating includes UV inhibitor and anti-microbial additives (including Silver Ion).							
Glides	Standard: 7/8" White composite with black cushion. See glide brochure for other options.							
Warranty	Frames: 5 years Seats & Backs: 2 years Fabric: Follows manufacturer guidelines							
Yardage	Inside Back: .5 Outside Back: .5 Seat: 1 (Based on non-directional print & Up-the-roll application)
